

## Author of “A Victim No More” introduces “The Faces Behind the Pages That Inspire”

*Exclusive, backstage pass to meet the creators of some of Facebook’s most popular and inspirational Fan Pages*

Cold Spring, MN– August 21, 2012 – Lori Rekowski of AVNM, LLC ([www.avictimnomore.com](http://www.avictimnomore.com)) has released the second book in the empowering *A Victim No More* series. *The Faces Behind the Pages That Inspire* introduces readers to the real people behind some of the most inspirational pages on Facebook today. The creators of these pages reveal the motivation and passion that calls them to publish the posts and images that touch millions of Facebook users day after day. Their stories are heartbreaking, horrifying, humbling ... amazing. Above all else, they are inspiring and filled with a deep desire to reach out and touch something universal in all of us.

“People are hungry for this. People are craving inspiration, love, honor, respect and a sense of dignity. They want to better themselves. And they want to be reminded of these action-oriented messages so they can integrate them into their lives,” says Lori Rekowski. “This book will touch – and help – each and every person who reads it.”

*The Faces Behind the Pages That Inspire* retails at \$9.99 electronically and \$16.95 for the trade paperback edition, with 10% of proceeds going to a charitable, non-profit organization decided upon by the authors. A good deal of the proceeds will also help fund the upcoming “A Course in Courage Victory Tour,” which will bring the *A Victim No More* message to women worldwide.

That message of hope and empowerment is, indeed, the underlying theme of each of the Facebook pages whose creators are profiled in *The Faces Behind the Pages That Inspire*. Collectively, the pages and posts encourage viewers to:

- Stand up for yourself and what you believe;
- Let go of blame and shame;
- Love yourself, love others, and find that love within yourself;
- Leave your past – and those people who aren’t good for you – in the past;
- Accept diversity
- Believe in the good, because what you believe is what you create; and
- Stay in gratitude for it brings you more of what you are grateful for.

*The Faces Behind the Pages That Inspire* gives these amazing survivors and victors a platform from which to share their personal stories. Their Facebook pages, posts and images are inspiring and motivational ... the stories behind them will bring you to your knees.
